

"In this twilight of human history darkness burns its black flame. Soon it will all erupt and fear will fly as the bloodshed begins. The 'Black Awakening' will occur! For them, those who served this long cold secret it has to, its the only way to give the world a desperate reason. A willing but painful reason for the need of a new world order and of a leader who will rule with a power that only the ancients felt." (c)

This book is a real eye-opener, and a clear call to be prepared. In these times it is imperative for Christians to know that we are in an all-out spiritual war and because of that we need to keep our spiritual armor on. The enemy has come to steal, kill and destroy, and this is no time to be asleep. This book clearly gives vital 'intel' about Satan's plans, and also clearly presents the victory we have in Jesus Christ. I highly recommend this book.

I found this book on Amazon, and purchased it and enjoy this book very much. It woke me back up to realize we are in a spiritual battle and its not just when things are not going our way but, its every day of our lives until the LORD takes us or Jesus comes back. I would recommend this book to everyone even those who don't know the Lord, because it does wake you up on why things are happening.

FROM AN EMAIL ABOUT THIS BOOK Russ, "The book is awesome. I'm already on chapter 18. When I was waiting for the book to come out and going through the course I was was thinking that is would be almost a repeat of information. I must say this book was a thousand times beyond my expectations. Your persistent acknowledgment of specific scripture along with other resources and connections to satan's agenda are crystal clear. I'm excited about this book and the eyes it will open, the souls it will bring to our Heavenly Father through knowing and accepting Jesus, and the victims that will be saved. I have been inspired to pray more along the lines of eye opening in the church and unveiling of these dark things. I was never taught anything concerning spiritual warfare and I'm just know scratching the surface. I don't remember how I stumbled on your website, but I do know that is was by the hand of God. I wish more of us could be soldiers for Him. I'm trying." ANOTHER FRIEND WRITES:... [More >](#)

This is one the two great book you must read which include the VERY IMPORTANT VERSES OF THE BIBLE. It has a lot of content that shines a light on the satanic agenda and hopefully any coven members who read this book will turn from their wicked ways and point themselves toward Jesus Christ

..... Russ "Book is amazing, mind blowing, sobering and challenging. You did an excellent job in writing it. Thank you and God bless."

..... Another friend writes: Hi Russ, I just finished your book this afternoon. Tremendous!! Please know that I fully support and affirm your own history and work with SRA/DID survivors and the globalist agenda to bring in the NWO under anti-christ. Thank you for writing this ground breaking book! When I return to the US I plan on posting your first interview with Dr. Stan along with a recommendation to obtain your book to all those on my email list and various media moguls. The hour is late and the Church is basically asleep in this whole area of darkness and I for one am going to do all that I can to change this! (Rom. 13:11-14)"..... Dear friends, "I just finished reading Russ Dizdar's new book "The Black Awakening". This is the most biblically based documented book I have read on the phenomenon of SRA/DID since Jim Friesen's ground breaking book "Uncovering the Mystery of MPD" released in 1991." Doug Riggs

This review is from: The Black Awakening: Rise of Satanic Super Soldiers and the Coming Chaos (Perfect Paperback)

This is a great book on spiritual warfare! The details of what is really going on in Satan's kingdom are so enlightening. This book and the Bible are all you need to fight effectively in the raging battle. Russ Dizdar does an excellent job in pointing everything back to Scripture. Discernment, Wisdom - this is what the

Church today needs, but does not have!!! This book will help you discern what is really going on in the World today. Loved it! Highly Recommend it!

5.0 out of 5 stars Explains the dark truth, September 18, 2012

By

Kylemcd - See all my reviews

This review is from: *The Black Awakening: Rise of the Satanic Super Soldiers and the Coming Chaos* (Paperback)

Russ Dizdar writes about his experience over decades of working with satanic cults. His heart bleeds for the souls who are out or reach to mainstream Christians. He truly loves Jesus Christ and it shows in his writing. This book explains things you never hear at mega-churches.

The book does have grammatical errors, but its not worth getting bent out of shape over.

Russ' insight and biblical support for his work make this a strong 'call to arms' for any Christian who wants to leave the ranks of the "chosen frozen". It's time to wake up, world... this book is for anyone who can feel something in the air but can't put their finger on it. This is mandatory reading for EVERY Christian, dare I say, EVERY HUMAN BEING!!

5.0 out of 5 stars Excellent book. Explains a lot of the craziness going on, September 30, 2012

By

Hooked on books (Earth) - See all my reviews

This review is from: *The Black Awakening: Rise of Satanic Super Soldiers and the Coming Chaos* (Perfect Paperback)

Russ Dizdar's site shatterthedarkness.net has the book for 1/2 the price that is shown on Amazon.

This is a MUST READ for everyone, Christian and non Christian alike.

I would not sell my copy for \$1,000 because it opened up my eyes and explained very clearly why the world is getting nuttier every day.

JonBenet Ramsey, Casey Anthony, the live cannibal eaters (there are now 4 reported, James Holmes (look into his eyes very closely - he's "not there" - he's not driving his own vehicle - possessed.

And yes if I had read this review a year ago I would have laughed at the person.

Well, I wager we are going to see a lot more insane stuff happen and all hell (literally) is going to break loose.

And all these satanists are nothing but tools and don't see it. They're being used and as soon as satan is done with them, they will regret the dark side of the cosmic chessboard they have aligned them self on.

Put on the full armor of God for we are indeed at war.

"For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places," EPH 6:12.

This is a excellent book.

This is a very important book. It is a pity that some people would choose to ask such exorbitant fare for this work. (reselling on Amazon/Russ is not selling it on amazon...only from his sites and publisher LULU) The book can be purchased at LuLu on Russ' books spot light page.
